You're Hiring Closers — Not Call Answerers

Every lead matters. Intake360 is built on a **team of professional intake specialists** who have collectively conducted **tens of thousands of legal intakes** — not just answering phones, but converting leads into signed cases.

This isn't a call center — it's a **battle-tested intake team** trained at **Ethen Ostroff Law**, now working full-time inside Intake360.

We are actively exploring ways to integrate AI into the workflow, but for now, you're getting something even better:

- **Human closers**
- **Legal fluency**
- **Proven results**

On-Demand Intake for Law Firms

Never Miss a Lead Again — Pay-Per-Outcome Legal Intake & Follow-Up

Intake360 gives your law firm flexible, 24/7 intake support without the cost of full-time staff. We handle overflow calls, after-hours inquiries, and lead follow-up — all tracked through a credit-based system that only charges you for completed actions.

INBOUND COVERAGE – WE ANSWER YOUR CALLS

- Live agents answer during the day, nights, weekends, and holidays
- Covers missed calls (spillover), marketing numbers, or full phone routing
- We handle:
  - Message taking (reception only)
  - Legal intake
  - Appointment setting or warm transfers
  - Contract coordination (only for contingency cases)

OUTBOUND FOLLOW-UP – WE CHASE YOUR LEADS

- Web form fills, missed call follow-ups, and old leads from your CRM
- Up to 5 manual phone attempts per lead before returning the lead to your firm for review
- We handle:
  - Intake and qualification
  - Booking or transferring
  - Sending contracts (if eligible and approved)
- Just email us the lead or drop it into a simple form — no CRM access required to start.

How We Categorize Every Lead

During your Pre-Go-Live Call, we'll define clear rules together for when we send a contract, book or transfer a lead, flag it for review, or just take a message

- **Signed Contract (7–8 credits)**

  We send your contingency fee agreement only when your exact sign criteria are met.

  - Viable injury (e.g., hospitalization, broken bones, etc.)
  - Clear liability
  - Statute not about to expire
  - Falls within approved practice areas (PI, WC, Mass Tort)

- **Flag for Review (2-3 credits)**

  If the lead has major red flags or doesn't meet your intake standards

  - Only property damage, no injury
  - Out-of-state or out-of-scope
  - Caller declines legal help
  - Statute is likely expired

- **Appointment / Warm Transfer (4–5 credits)**

  If a lead is borderline — meaning it's not ready to sign, but still promising

  - Unclear liability
  - Vague or inconsistent story
  - Nearing statute window
  - Caller insists on speaking to an attorney

- **Reception Only (0.5 credits)**

  Basic non-intake calls

  - Spam or hang-ups
  - Insurance adjusters or opposing counsel
  - Clients checking status
  - Vendors, referrals, or administrative questions
